PHP

PROFESSIONAL PROFILE

As a university student with a passion for frontend development, I am constantly seeking opportunities to learn and grow in the field of web development. I possess strong skills in creating responsive and user-friendly web pages using HTML, CSS, and JavaScript. I am a detail-oriented individual who thrives on challenges and enjoys proposing innovative ideas that help improve the user experience.

My experience in JavaScript includes working with various libraries and frameworks such as React, to create dynamic and interactive web pages. I am also proficient in using Github and other version control tools to manage and track changes in my code.

My goal is to continue expanding my knowledge and skills in frontend development, and to contribute to the creation of meaningful and impactful web applications.
